First aorist verb form practice

ὄνομα _____

Grading: 1 point for being “on-time” (submitting it in class on Sept. 12)
1 point for being “satisfactory”: complete and error-free
Subsequent attempts must be completed by 5 pm on Sept. 19

For the following verbs, produce and translate the requested finite verb forms (translate the form itself, with the person, number, tense, and voice in your translation).

1. λέγω, λέξω, ἔλεξα [or εἶπον but we are using ἔλεξα here], εἶρηκα, λέλεγμαι, ἐλέχθην

Aorist indicative

	Active	Middle	Passive
3rd singular Greek form and English translation			
3rd plural Greek form and English translation			

2. ἡγέομαι, ἡγήσομαι, ἡγησάμην, —, ἡγημαι, ἡγήθην

Aorist indicative

	Active	Middle	Passive
3rd singular Greek form and English translation	Active forms do not exist		
3rd plural Greek form and English translation	Active forms do not exist		

3. Continue memorizing the principal parts for the verbs in the vocabulary list for Module 1 on pp. 93–94, paying special attention to the first, third and sixth principal parts. Use those verbs and principal parts to translate just the verbal phrases **highlighted like this** in the following sentences into Greek. You will need to create the form of the aorist tense for the correct person, number, and voice.

1. Euphiletos' mother **died**.
2. At her funeral, Euphiletos' wife **was seen** by Eratosthenes.
3. Euphiletos **ordered** his wife to make the baby stop crying.
4. An elderly woman **told** Euphiletos that his wife was having an affair with Eratosthenes.
5. She **did not do** it for money, but because Eratosthenes was her enemy. [use οὐκ for “not”]
6. Eratosthenes **was caught** with Euphiletos' wife.
7. **Was** Euphiletos' case **demonstrated** convincingly to the jury?
